U. S. Engineers Demand Proposed Debris Dams Be Self-Liquidating

A communication received yesterday by all those who have expressed an interest in the construction of debris dams on the Yuba, American or Bear Rivers, recites the action taken by the Board of Engineers for Rivers and Harbors, sitting in Washington, upon the presentation of debris dam proposals made two months ago at hearings held by the California Debris Commission in Sacramento. The hearings were held as a result of the energetic efforts of Congressman Harry L. Englebright to secure a resolution calling for such a hearing, in the interest of hydraulic mining, from the House Committee on Rivers and Harbors.

The communication from the U. S. Board of Engineers follows:

WAR DEPARTMENT
Office of the Division Engineer
Pacific Division
413 Custom House
San Francisco, California
February 1, 1934.

TO WHOM IT MAY CONCERN:

It having come to the notice of the undersigned that you have expressed an interest in the pending proposition for debris control on the tributaries of the Sacramento River, you are advised that the report thereon, pursuant to Resolution by the Committee on Rivers and Harbors, House of Representatives, adopted, August 18, 1933, has been made.

This report finds that while installation of a system of debris control works on the Yuba, Bear, and American Rivers would be of some benefit to navigation, such benefit is not sufficient to warrant the undertaking in the interest of navigation. Power development in combination with debris storage can be considered only as a by-product, and is of doubtful value. Provisions of debris storage on a large scale on the tributaries of the Sacramento River to permit revival of hydraulic mining appears feasible, and also advisable in the interest of unemployment and industrial recovery. However, construction should not be undertaken without further extensive investigations to determine the best location for dams and to ascertain whether it is possible to secure firm contracts for sale of sufficient storage space and, or, power to make the proposed works self-liquidating. It is believed that the necessary further investigations and surveys should be undertaken as a Federal Project under the Public Works Program.

You are further advised that you have the right to appeal from the above conclusions to the Board of Engineers for Rivers and Harbors a permanent body sitting at Washington, D. C., to which all examinations and survey reports of this character are referred. Parties desiring to do so may be heard on appeal by the board, either orally or in writing. Written communications should be addressed to the Board of Engineers for Rivers and Harbors, Munitions Building, Washington, D. C., and should be mailed in time to be in the possession of the said board within four weeks from the date of this communication. If, however, you have important data to communicate to the board, which can not be collected and put in shape for proper presentation within four weeks, the board should be informed of this fact without delay and request made for an extension of the limiting date for submitted information. If oral hearings are desired, dates for the same may be arranged for by correspondence with the board.

Any further information needed may be obtained by application to this office, but attention is invited to the following regulation as to the manner in which such information may be furnished.

"Where interested parties desire data necessary for the preparation of their appeal to the Board of Engineers for Rivers and Harbors, it will be given them verbally by the district officer or, in his absence, by the senior assistant engineer connected with the improvement. They will not be permitted to have access to the report without authority from the Chief of Engneer."

You are requested to communicate the foregoing to any persons known by you to be interested in the improvemet and who, not being known to this office, do not receive a copy of this communication.

Thomas M. Robins,
Lieut. Colonel, Corps of Engineers
Division of Engineers

NEW TUNNEL BEGUN IN ROYAL MINE PROPERTY

Andrew Goering and son, Elwell, are working on a new tunnel which they started on their Royal mine property in the Cement Hill district. They have gone about 70 feet in granite formation. They expect to strike the channel in another 100 feet.

There is another shaft on the property, equipped with a hoist and 15 ton daily capacity Ellis mill. The mine yielded some gold from the gravel but was shut down as the result of litigation by the leasing company. The trouble followed by the death of the operator, Mr. Nolan, who was killed in an auto accident about three years ago. There are 160 acres in the Royal mine property.

Mesdames Otto E. Schiffner, Raglan Tuttle, O. McCraney, Gordon Bettles and Miss Dorothy Waggoner attended the show: "Barretts of Wimpole Street," featuring Katherine Cornell, in Sacramento Wednesday evening.

DRIFT OF WEST MINES NEARING ST. LOUIS VEIN

Splendid progress is reported in the crosscut being driven on the 19th level of the Canada Hill mine by West Mines Corporation. The principal objective of the work is the St. Louis vein which has never been developed at any great depth below its strong and continuous outcrop. While the St. Louis vein is described by Waldemar Lindgren as one of the very strong veins of the Nevada City district, its ores are of the heavy sulphide type and this vein, in common with others of the same series, does not make ore shoots close to surface. The work being done by West Mines Corporation looks to the development of the vein at a depth adequate for permanent and strong mineralization.

The exact locus of the vein at the point of crosscutting is not known and depends to a large degree on variations in dip of the vein on its downward course. Fissuring parallel to the strike of the vein is now being encountered in the crosscut and it is thought that this fracturing is sympathetic with the vein fissure.

Development work at the Hussey mine of West Mines Corporation is being largely restricted at present to the driving of a raise to surface for the purpose of furnishing ventilation and a secondary outlet from the mine. This raise will later be used as a shaft for mining purposes during sinking operations in the main shaft. Development of the Hussey ore zone has been carried forward rapidly and will be resumed as soon as the new raise has been completed. Production has kept pace with that made in recent months and the new developments are being undertaken with a view to increasing production in the near future. Although figures are not yet available for the January mill run, it is anticipated that it will approximately equal that for December.

At a meeting held in Reno on February 5th, the shareholders of West Mines Corporation voted to decrease the number of shares in the Corporation to ten per cent of the original number and to increase the par value of the shares proportionately. Market trading in the shares now reflects the new status of the stock.

TO RESUME 30 HOUR WEEK FOR CWA SOON

Considerable concern has been expressed within the last few days in regard to the cutting down of the four day week to the 15 hours in the C. W. A. work on the Nevada City Airport.

Mayor R. J. Bennetts has been informed by Captain M. B. Doolin engineer of CWA in charge of aeronautics, that the citizens here are not to be unduly alarmed over the present situation as it is expected that as soon as the new fund of $9,500,000 becomes available hours of work undoubtedly will be lengthened.

COUNCIL ORDERS AIRPORT ROAD ROCK SURFACED

The city council last evening let the contract of putting a 9 inch rock surface on the road to the airport to Charles Graham at 95 cents a yard. He will surface 1000 feet of the 2000 foot distance from the highway to the hill's summit. The rest of the road will be surfaced under another contract to be let after the middle of the month.

City Engineer Ed. C. Uren who has had charge of the engineering features of the airport states that 1900 feet of the 2000 foot runway have been cleared and that work is now progressing on the other hundred feet. The runway is 300 feet wide. Mr. Uren stated that the runway will be scarified scraped and oiled. Work on the cross runway will not be started until the other work is completed. It has been decided to complete one job, and then if there is money enough left in the $10,000 Federal fund for constructing the other runway work on that will then proceed. Only a little over $2500 has thus far been spent.

The city council also received bids for clearing away the brush from the new municipal park located on Deer creek, in which the municipal pool is soon to be built.

The following bills were ordered paid:

GENERA FUND

PONDEROSA WAY TAHOE DISTRICT EMPLOYS 750 MEN

Great Fire Barrier Takes Form As Work Progresses From Kern to Shasta Counties

R. L. P. Bigelow, National Forest Supervisor for the Tahoe Area, yesterday stated that rapid progress is being made on Ponderosa Way, the great fire break that is being constructed from the Sierra National Forest north to Mt. Shasta along the lower line of the yellow (Ponderosa) pine forest.

There are now 750 men thus employed, 600 from the three C. C. C. camps of this district, 25 Nira men and 125 CWA workers. The C. C. C. camps are located at Applegate, Forest Hill and Grass Valley.

The width of the Ponderosa Way ranges from 150 to 200 feet, and marks the line generally between timber stands and brush land. It is from fries in the brush that some of the most devastating forest fires of the past have originiated.

Roads, where none already exist, are being constructed in this cleared zone, so that in event of future fires within reasonable distance of Ponderosa Way, easy access, on the part of fire fighters, to the scene may be assured.

In clearing the firebreak, all the underbrush is grubbed out, and trees trimmed twelve feet above the ground, but only in dense stands are the trees thinned to permit vigorous growth the remaining trees.

MUSIC LOVERS ENJOY STUDENTS YEARLY CONCERT

Music lovers of Nevada City were given a rare treat last evening at the Nevada Theatre, the occasion being the annual concert by the Nevada City high school bands and orchestra. The theater was confortably filled by friends and parents of the players and all those who enjoy good music.

The young musicians gave a most creditable performance. Many of the numbers offered were rendered with a vim and attack comparable to that of professional players. L. E. Sweeney, musical director, received many compliments on the excellent result of his training.

The program follows:

ORCHESTRA

The Fencing Master March (Harper).

Minuette From D Major Symphony (Mozart).

Nobody Knows the Trouble I've Seen (Negro Spirlitual), horn solo—Gove Celio.

I Would That My Love (Mendelssohn).

Hungarian Dance No. 5 (Brahms)

N. C. 4 March.

BAND

Zacatecas March (Codina).

The Octopus and the Mermaid Serenade (King).

Bass Solo by Ralph Watters.

Urbana Overture (Roberts).

Blue Danube Waltz (Strauss).

Beneath the Holly (Medley).

Slidin', Some Trombone Smear (Fillmore).

BASKETBALL GAME FOR FRIDAY POSTPONED

Owing to illness of Coach Bev. Barron, the high school basketball game has been called off this evening. The Nevada City hoopsters were to have played the Grant school teams.

J. E. Sweeney, mining man of Alleghany, is spending a few days in Nevada City on business.

FIRE DEPT. TO GIVE A SERIES OF DANCES

Encouraged by the big response of Nevada City folk to their annual masquerade ball, the Fire Department are, beginning tomorrow evening, giving a series of Saturday night dances, the proceeds of which will also be used to extinquish their debt on Armory hall.

The series will be directed by Fire Chief Louie Kopp and the music will be provided by the Conway Edward orchestra, one of the most popular jazz groups of musicians in the Mother Lode.

Special prizes are offered tomorrow evening, for waltzes and other dances. Each evening there will also be special features of unusual interest. There will be no dance Saturday night, February 24, in order that all Nevada City dancing folk may participate in the big dance to be given by the Grass Valley fire department in that city.

PRESIDENT TO ADDRESS SCOUTS SATURDAY MORN

The President of the United States tomorrow morning at 9 o'clock will broadcast a message to the Boy Scouts. In Nevada City the Boy Scouts will mobilize sharp at that hour in the Elks club lounge room where they will receive the message.

Scoutmaster Edd Addington expects to have every member of the Nevada City Troop present for this is to be a national mobilization of all scouts, scoutmasters, patrol leaders, and members of this great youth organization of America.

The number of scouts appearing at the Elks hall tomorrow morning will be telegraphed to district headquarters of the Tahoe Area, which will in turn advise the state headquarters of the attendance here and elsewhere in the area, and the State will advise the national headquarters in New York, where the final report for the President's perusal will be formulated and wired to the White House tomorrow afternoon, to apprise him of the number of scouts who have gathered throughout the United States to hear his message.

The message itself concerns a service which the President will ask the Boy Scouts to do for the nation. At the conclusion of the breadcast the scouts are expected to set out immediately in performance of the service requested.

The President for twelve years was president of the Boy Scouts of New York and for many years has taken an active interest in this movement.

Members of the Nevada City Boy Scouts Council and all friends of the organization are cordially invited to be present tomorrow morning to hear President Roosevelt's address.

All Cubs, boys who desire to become Cubs, and parents of Cubs or prospective Cubs, are invited to meet at the Nevada City Elks Club tomorrow morning at 9:00 A. M., to hear President Roosevelt's nation-wide broadcast in regard to the Scout Movement.

The Cubs is a junior organization of the Boy Scouts of America, taking in boys from ages of nine to twelve, before scout age. The Nevada City Parent Teachers Association, as sponsor of the Nevada City Cub Pack announce that the Cub Pack is to be reorganized and that Clifford M. Merriam will act as Cubmaster and expects to hold the first meeting within a week. Mr. Merriam is anxious to have all Cubs and prospective Cubs attend the Saturday morning broadcast as plans for the Cub Pack will be stated at that time.

MISTLETOE MINE IS MAKING GOOD SHOWING

The Mistletoe mine, in the Rough and Ready district, has been unwatered for the third time and active work is underway. Ore is being mined from a drift on the 140 foot level of the old 160 foot shaft.

The ore carries heavy sulphides and a little free gold and looks very promising.

Six men are employed at the property with C. E. Laboyteaux as superintendent.

Mrs. Don Billick has returned from a visit of several weeks in los Angeles.

U. S. GOLD STOCKS NOW $7,030,146,124 AND STILL RISING

Hoarded Treasure is Still Being Exhumed—French Riots May Put France Off Gold Basis

WASHINGTON, Feb. 8th, 1934—United States gold stock has now reached a new high of $7,030,146,124.

This half-million increase over the preceeding day's figure also was reflected in a gain of the Government's profit on dollar devaluation from $2,805,730,439 to $2,805,956,014.

The profit increase indicated that most of the new gold received was that coming from hoarded metal, for which the government still pays the old price of $20.67 an ounce.

Treasury officials were interested, but would not comment on developments in Paris and what effect they may have on world money conditions.

The prevailing opinion was that should disturbances create public sentiment in France, the French people might seek to demand gold for hoarding and create a condition similar to that which existed in the United States a year ago.

Such a development, if it reached major proportions, would force the French off gold, in the opinion of Treasury experts, anrd create new chaos in world money conditions.

As viewed by some Treasury officials the situation was in the hands of the French people and not of any foreign government.

So far as could be determined, the United States Government was not wielding its $2,000,000,00 stabilization fund in foreign exchange markets and was holding gold purchases to offerings made in this country.

400 GALLON MINUTE PUMP BE INSTALLED AT TYBO, NEVADA

TONOPAH, Feb. 8th.— The big sinker pump to be used at Tybo for mine unwatering, arrived here this morning on a Tonopah & Goldfield railroad flat car, and will be taken out to the mine tomorrow by Montague, the trucker.

The pump is a Kimball-Krogn, and will lift 400 gallons of water a minute. The water stands in the two shafts to the fourth level, and is almost 700 feet deep in the mine.

Later a second pump will be placed in operation, and the outflow will be increased to 1100 gallons a minute. Manager W. H. Blackburn, who is now here, estimates it will require between a month and six weeks to unwater the mine workings. The pump will be taken out to the mine in the morning, installed at once, and it is believed will be pumping water by the end of the week. Only a small crew will be needed until the workings are clear. Manager Blackburn said today he does not believe the water has damaged the mine workings to any great extent.

PROTESTS ARE WITHDRAWN FOR WATER DIVERSION

Elmer Poore, et al., of the You Bet Mine and the Quaker Hill Mines Corporation, withdrew their protests to the Edward Bickel application for 38 cubic feet of water from Greenhorn Creek. This withdrawal brot about the cancellation of the hearing before the Division of Water Resources at Sacramento Wednesday morning.

The protests were withdrawn at the last minute and gave scant time for notification to the principals in the case.

Edward Bickel has applied for the water for operation of the Fenton Claims in the Quaker Hill district.

Nevada City Civic Club members who attended the President's Council of Northern District of Federated Clubs at Oroville Saturday were:—Mesdames H. E. Kjorlie, C. E. Parsons, Belle Douglas and Miss Minnie Brand.

Mr. and Mrs. E. M. Rector had as week-end visitors their daughters: Misses Margaret and Ruth Rector who are students at the University of California.

Death Emblem On Radiator

About one out of ten of the automobiles that use the public streets and highways, should wear as an emblem a large staring death's head.

It would not be a pretty sight. But it would be a very accurate symbol. Ten per cent of the motorists are now responsible for our gigantic death and injury toll. Not all of them, of course, have an accident every year. But they all take chances. They are irresponsible—incompetent and careless. They drive cars with defective breaks and faulty steering mechanisms and poor lights. They cut in and out of traffic, missing oncoming cars by an eyelash and feeling a thrill of achievement while doing it. They pass on hills and curves, and regard even the most basic and sensible traffic laws sa being inimical obstacles which should be avoided whenever possible. They drive at high speeds when road and traffic conditions make it exceedingly dangerous.

And—every year—they leave behind them 30,000 corpses and hundreds of thousands of injured persons whose sole offense was that they happened to be present when the reckless driver was taking one of the chances he didn't get away with.

Yes, there should be the emblem of death on a long line of automobiles which otherwise look no different than any other cars of their kind. This suggestion may make some of the reckless drivers think twice before running a risk the next time.

More Hard Money

A. P. Ramstedt, President of the Wallace (Idaho) Board of Trades, recently drafted a resolution on silver which said in part: "The only practical and safe monetary policy is more hard money under our crumbling credit structure, and silver is the only suitable metal available. Government purchase of domestic silver at 64½ cents will not suffice. We must have free silver coinage at definite ratio to gold to provide stable currency and improve commercial relations with foreign silver-using people."

The price of silver—or any other secondary money metal—seems nothing except when related to the price of gold. That's why 64½-cent silver is actually cheaper, with gold at $35.00 an ounce, than 50-cent silver was when gold was stabilized at $20.67. At great many economists fear that silver stabilization will do little to solve the problems it is intended to solve unless its relationship with gold is firmly fixed.

As a money, silver has unique advantages. It is second only to gold in esteem—and it has been used as a token of value for centuries. It has a psychological appeal that comes from custom. And it is the sole money metal of half the world's population. Those who propose to fix a gold-silver ratio deserve a very attentive hearing.

JUDGE TUTTLE PRESIDES IN NOTABLE WATER SUIT

Judge Raglan Tuttle is sitting in one of the most important riparian suits brought in recent years. He was chosen by the State Judicial Council to preside at the trial in Modesto, county seat of Stanislaus county, a suit brought by the El Solyo ranch, a riparian landowner, against the City of San Francisco. The land owner is suing to have his rights determined as against those of San Francisco, which for some twenty years has been building a series of dams and power projects on the Tuolumne river in Hetch Hetchy valley, looking ultimately to a municipal water supplly.

On Wednesday an adjournment was taken to permit the plaintiff ranch owners to obtain further information and new water measurements on the Tuolumne. The trial will be resumed on March 19. Judge Tuttle has returned to his home in this city.

American Heroines

By LOUISE M. COMSTOCK

Nancy Hart

IT IS unlikely that any novelist would make a heroine of a cross-eyed woman, but history must stick to its facts, and the nation has accordingly named the eighty-mile highway running south through Georgia from Elberton through Augusta and on into Florida the Nancy Hart road and set up along it nine memorial markers in her honor.

Nancy was a heroine of Revolutionary days, a big, raw-boned woman, with muscles of iron and a way with guns which inspired local Indians to name a creek near her cabin at Elberton "War Woman Creek." She was a first cousin of Daniel Boone.

Georgia, though far removed from the outstanding battles of the Revolution, was however kept in constant turmoil by the inroads and depredations of the British. One day, when her husband was in the fields, five Tories, out to force the region to allegiance to King George, entered her cabin and demanded dinner. When Nancy protested that they had already made off with everything eatable, one of them shot the lone turkey gobbler scratching in the yard. Nancy kept her wits about her and set the turkey on to cook, taking care to use up all the water in the house in so doing. And when the dinner was done, it seemed but natural that young Sukey, Nancy's twelve-year-old daughter, should be sent for more water down to the spring, where she could blow the great conch horn to let her father know of their danger.

The five Tories, mellowed by repeated swigs from the jug they had with them and tempted by the savory smell of the food, stacked their arms by the stick and plaster fireplace and sat down to the meal in jovial mood. No sooner had they commenced to eat then Nancy slipped behind them, took up two of the guns and stealthily pushed them outside the cabin through an opening in the logs, to be ready for her husband and his men when they arrived. Just then one of the Tories espied her, and jumped to his feet. But Nancy, seizing a third gun and aiming it, told him to stop. The five hesitated. It was hard to tell at just which one of them the cross-eyed woman was aiming! Suddenly one man made a move. Nancy shot him dead. Another moved. She wounded him. When her husband finally arrived with help, Nancy still held the other three under cover, and it was at her request that they were afterwards taken out and hanged.

ROSE FASHION SHOP SOON IN NEW LOCATION

Mrs. Edward Rose, who has opened and conducted the Rose Dress shop on Pine street near the Larsen barber shop the last year, has rented the store in the James Penrose building recently made vacant by the removal of Lloyd Penrose's Lantern Shop, and will move to the new location next week.

Mrs. Dixie Rose as she is familiarly known here, started first with a dress making shop and has now branched out into ready made garments and choice dress goods. She has been very succesful with her shop and has decided to change the name of her place of business to the Rose Fashion Shop.

LOCAL HAPPENINGS

Mr. L. Netz, owner of the Nevada City Granite Works, has just completed the building of a cosy little house on his property on Bridge st., near the Sierra Queen mine. Mr. Netz is showing his faith in our fair city by building another house.

Mr. and Mrs. Harry Bolton, of the Racket Store, are in San Francisco for a few days for Market Week.

Rev. H. H. Buckner of the Methodist church in Nevada City, is in the bay district visiting and attending a course of lectures.

The many friends of Miss Beatrice Cassidy will be pleased to learn that she is able to be about again after an operation of appendicitis

William Lichtenberg, mining man of Alleghany, was a recent overnight visitor in Nevada City.

NINE BOYS ENTER N. C. SCOUT TROOP

At a Boy Scout Court of Honor held Wednesday evening, a number of merit badges were awarded to boys who had made progress in different lines of work.

Harris Ricksecker, of Auburn, presided as president of the Court of Honor with John Fortier awarding the merit badges to the scouts.

Awards were made as follows:

N. Robins—Personal health, conservation, cooking, pathfinding.

A. Pratti—Bird study, camping, pathfinding.

Bob Small—Animal industry, pathfinding, conservation, cooking, civics.

Richard Marriott—Leathercraft, book binding, public health, electricity.

D. Tuttle—Life saving, swimming, firemanship, civics, leathercraft, book binding, animal industry, conservation.

Rod Bonner—Firemanship.

Nine new members have entered the Boy Scout work in the last two weeks. They are: A. W. Fouyer, L. A. O'Neill, Jack O'Neill, Robert Baer, James Nankervis, Max Bandy, Robert Grant, Will Elkus, Don Worthley.

Scout Master Edd Addington, stated that eight boys make a patrol, and nine give a leader. He now has a new patrol and if the boys keep entering the troop he will soon need an assistant.

Arrangements were made for the Saturday morning radio broadcast by President Franklin Roosevelt, which is to be held in the Elks hall.

There were 25 Boy Scouts present for Wednesday night's meeting.

NORTH STAR MINERS AT WORK

Miners of the North Star mine of Grass Valley, returned to work Tuesday, after a ten day lay off, necessiated when a hoist cable was loosened from the drum, letting several thousand feet of heavy cable fall down the shaft, disabling the head-frame and two eight-foot sheave wheels.

WILLIAM J. HANDLING CALLED TO LONG HOME

CAMPTONVILLE, Feb. 6.—William J. Handling, nicknamed by has many friends as "Poker Bill," passed away suddenly at a Nevada City hospital Saturday morning. Although he had been ailing for some little time, his condition was not considered serious.

He has been in and out of this locality for the past 12 years and has a wide circle of friends locally, who were shocked to hear of his death. He was a native of Illinois, coming to California when but four years of age, the family settling at Lincoln. He was 64 years of age. He is survived by a brother and a sister.

Burial was made at Lincoln, the family town, friends from this section attending the service.

STATE REGISTRATION OF AUTOS TAKES DROP

SACRAMENTO, Feb. 8.—Fee paid motor vehicle registration in California during 1933 totalled 2,036,918, a loss over 1932 of 4,906.

This small drop in fee paid registration indicates an actual improvement over conditions in 1932, when there was a registration decrease of 65,451, according to motor vehicle department officials.

Last year's registrations, as listed by Russell Bevans, registrar, were: Automobiles, 1,850,608; solid tire trucks, 5,794; pneumatic tire trucks, 102,395; motorcycles, 8,134; solid tire trailers, 6,151; pneumatic tire trailers, 63,836.

These totals do not include the 38,507 vehicles registered by the state, county and city governments and public utility companies for which fee-exempt plates were issued.

—o—

Marshall Giselman, accomplished musician, Cecil Schiffner, motored to San Francisco over the week end. They had the pleasure of attending a concert by the San Francisco Symphony Orchestra in the San Francisco opera house.

—o—

Lester Orzalli, who lost the index finger on his left hand in a slide of rock in the Murchie mine about two weeks ago, is making a good recovery.

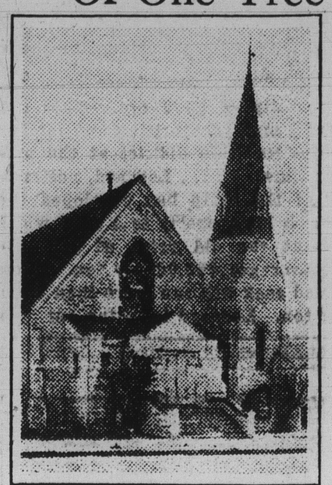
Church Made Of One Tree



The "One Tree Church," shown above, at Santa Rosa, Calif., was built from the lumber of one tree, felled back in the '70s. The walls, ceiling, shingles, spire and pews were produced from a single gigantic redwood tree.

CAMPTONVILLE

By ACTON M. CLEVELAND

CAMPTONVILLE, Feb. 7.—Mr. and Mrs. Stephen Roberts of Nevada City were in town Monday on a brief visit.

Erle Pauly was in town Friday from Auburn, visiting his parents.

B. F. McNaught arrived Friday from Los Angeles on a short business visit.

Mr. and Mrs. Lee Bullington motored to Wheatland Sunday on a short visit to relatives.

Mr. and Mrs. Acton M. Cleveland returned Sunday from Sacramento, where they were attending their little girl, Earlyne, who is confined with illness including an abscessed ear.

Mrs. Rachael M. Labadie and Hubert Long motored to Nevada City Monday.

James L. Joubert returned to Sacramento Sunday after spending the week end visiting relatives here.

Charles H. Greene of Grass Valley was in town Monday on a short business visit.

Charles Warner returned Monday from Marysville where he spent the past month.

Fred J. Joubert motored to Nevada City Monday on a short business visit.

H. C. Smith motored to Sacramento from the True Grit mine.

—o—

Guests of Mr. and Mrs. Harold B. Wright over the week end were Mrs. Anna Rodda, great grandmother of Billy Wright, Mr. and Mrs. Edward De Bock, grandfather and grandmother of Billy, Misses Doris & Helen Carpenter, Lydia Bordors, Lucille Steffers, Mrs. Anna Wilson, and son Robert, of Oakland, Mr. Bill Buster of Idaho. All enjoyed snow sports near Emigrant Gap. Mr. Buster returned to Idaho Tuesday.

RAIL TICKET, 64 YEARS OLD, REDEEMED BY S. P.

SAN FRANCISCO, Feb. 5.—Purchased nearly 64 years ago, but never used, a railroad ticket was presented recently for refund, and redeemed by the Southern Pacific Company for $1, the full amount of the original purchase price!

The case is believed to set a record, at least in the history of ticket redemptions by Western rail lines, the nearest approach to it being one where 30 years had elapsed.

Frank Elder, 79, pioneer resident of Lincoln, Placer county, California, was the purchaser of the ticket. He kept it through the years and finally offered it for refund only as an oddity.

Of course, it was pointed out, there existed no obligation to redeem the ticket but its appearance at Southern Pacific's general office here aroused such interest, the refund was approved.

The ticket was for a trip from Rocklin to Lincoln, a distance of 14 miles, and was purchased July 10, 1870 from the Central Pacific, now part of the Southern Pacific. Elder said he did not use his rail transportation because he met a friend and rode home with him in a buggy. But he retained the ticket among his keepsakes until recently when he handed it to A. T. Johnston, Southern Pacific agent at Lincoln, with the application for refund.

LEGAL NOTICE

ORE BUYERS' APPLICATION

In compliance with Section 1, Chapter 183, Statutes of 1929, the undersigned, whose principal place of business is at Nevada City, California, hereby gives notice that application has been made to the State Mineralogist for a license to carry on, within the State of California for the year ending December 31, 1934, the business of milling, sampling, concentrating, reducing, refining, purchasing and receiving for sale ores, concentrates and amalgams bearing gold or silver, gold dust, gold and silver bullion, nuggets and specimens.

Protests may be made by any person to the issuing of such license at the office of the State Mineralogist, Ferry Building, San Francisco.

WEST MINES CORPORATION
O. McCraney, President.
February 2, 9, 16.

NOTICE

The California Debris Commission will hold a public hearing at 11 A. M. February 13, 1934, at the California Debris Commission Office, Room 208 Post Office Bldg., Ninth and I Sts., Sacramento, California, to receive protests against granting the application of Remington Hill Placers, Inc., to mine by the hydraulic process the Remington Hill Placer Mine, located near Remington Hill, Nevada County, California, draining into Steep Hollow Creek; thence into the Bear River and to store tailings in Combie Dam Reservoir below the mine. Feb. 2, 5, 9, 12.

NEVADA COUNTY SHARE IN AUTO FEES IS $5,785

SACRAMENTO, Feb. 8.—Apportionment of $5,102,867.06 to the State Department of Public Works and the counties of California was announced today by the Department of Motor Vehicles.

Nevada county's share of this is $5,785. Total registration fees paid in this county were 4,619.

This sum of $5,12,867 represents the state's and counties' share of motor vehicle registration fees collected in 1933 after deductions are made for handling all registration matters and for operation of the California Highway Patrol.

Half of the amount collected, $2,551,433.53, will go to the department of public works to carry on the road-building program approved by Governor James Rolph, Jr., for the relief of unemployment.

The counties will be apportioned the other half on the bases of motor vehicle registration from each.

The total fee-paid registration for the year, 2,036,918, was paid on 1,850,608 automobiles, 5,794 solid-tire trucks, 102,395 pneumatic-tire trucks, 8,134 motorcycles, 6,151 solid-tire trailers and 63,836 pneumatic tire trailers.

Los Angeles county, with its huge motor vehicle registration, will receive the largest amount, $1,042,283-14; San Francisco's share is $185,-632.09, and Alameda county will get $181,273.06.

—o—

Mr. Elliott Smith, manager of the Munson Secretarial School in San Francisco, Mrs. Smith and daughters Daphne and Carol, were guests of Mr. and Mrs. H. M. Leete over the week end. Mrs. Leete and Mrs. Smith are sisters.

Hectic Days Sleepless Nights

Miss Currier relieved of nervous days and sleepless nights.

IF YOU are nervous today, you probably will not sleep well tonight. If you don't sleep well tonight, you will probably be nervous tomorrow.

Don't allow yourself to become nervous. Take Dr. Miles Nervine. It will relax your tense nerves and let you get a good night's sleep.

Irritability, Restlessness, Sleeplessness, often lead to Nervous Headache, Nervous Indigestion, Hysteria—sometimes to a nervous breakdown and organic trouble.

Some of the people, whose letters are printed below, were as nervous as you are—possibly more so—yet they have found relief.

Christene Lanier finds Nervine best nerve medicine she ever used.

Three years ago I was so nervous I could not bear to go out in company and could not sleep nights. A friend recommended Dr. Miles Nervine. I now enjoy myself thoroughly and sleep every night. Miss Juliette Currier, New Market, N. H.

I have used Dr. Miles Nervine in liquid form and find it the best medicine for the nerves I have ever used. Christene Lanier, Middleton, Tennessee

Miss Redman takes Dr. Miles Nervine whenever she feels restless.

Whenever I have over-indulged and feel restless I take one or two Nervine Tablets just before I retire. In the morning when I awake I feel like a new person and can go about my work as usual. Dr. Miles Nervine Tablets quiet your nerves, brace you up and are the simplest, most convenient tablets to take I have ever found. Miss Grace Redmann, St. James, Minn.

Mr. Reddig His family appreciate his improved disposition.

Before using your Nervine I was very nervous and irritable. Since I have started to take it I feel so much better that my family notice the difference. I still take it from time to time and the good result is wonderful. J. H. Redding, 1027 18th Ave., Rock Island, Ill.

TESTED LIGHT for BETTER SIGHT

EVERY SECOND after the lights are turned on in your house your eyes are busy. Each pair of eyes in your household is likewise busy. How hard these eyes have to work because of poor light, or how soon eye strain will mean the first or another pair of glasses for some member of your family, you have no means of knowing. How much harm is being done by the wrong kind of light, bare light that causes glare, you may only feel because eyes begin to hurt or headaches start.

Now the lighting in your home can be tested scientifically by the Sight Meter. By means of this delicate instrument the proper light can be prescribed for your eyes and the work they have to do in your home.

Ask to have a representative of this company call. He will bring with him the scientific new Sight Meter. To give your home Tested Light for Better Sight, he will do this:

He will place the Sight Meter on the newspaper or magazine page you are reading. Then he may say this: "You have too much direct light on the white paper. It produces glare. The light is too bright." Again he may test the light by a desk where children study. Here is shadow. Here is not enough light. Eye strain is being caused here.

Every place in every room where Tested Light can bring Better Sight will be tested in the same careful manner. To have scientifically better lighting in your home, fill out the coupon below and mail it today.

ALTA CALIFORNIAS ASK SUPERVISORS FOR FUNDS

A delegation of Alta Californians appeared Tuesday before the Board of Supervisors and asked for a contribution toward their fund for promoting the mining industry in Northern California.

C. E. Clinch introduced the delegation who called attention to the fact that Alta Californians now embrace 21 counties in the organization.

Supervisor E. B. Dudley, chairman of the board, suggested that Alta Californians had shown little interest thus far in hydraulic mining, particularly in proposed dam at the Yuba Narrows. Until such time as Alta Californians did evince an interest in this kind of mining, Supervisor Dudley stated the supervisors would not feel disposed to aid, though there still remains a small sum in the advertising fund of the county which might be used for this purpose. The board delayed action on granting the request until after the Stockton meeting of Alta Californians, to see if any action were taken there with reference to hydraulic mining.

The Supervisors concluded their session Wednesday with visits to the county farm and hospital.

o

LARGE NUGGET FOUND IN EARLY DAY MINE

Constable Thomas Oliver of Nevada City was displaying a beautiful nugget Tuesday that had been taken from his mine, the Early Day on Gold Flat, when he worked the property several years ago. He had the nugget, valued at $35, polished by Assayer E. J. N. Ott. It weighed over an ounce.

This nugget, with a larger one, was found in quartz formation about 15 feet from the surface in a 35 foot shaft.

SCOUTS ENJOY SNOW SPORTS AT PAHATSI

Last week end found 21 at Camp Pahatsi overnight, enjoying snow sports; 16 from Grass Valley and 5 from Auburn. This makes over 100 who have visited the Lodge this winter with the probability that at least 300 will use the Lodge by the end of March, making it one of the popular snow sport localities.

Next week the Sierra Club of San Francisco expect to have a large party over Lincoln's Birthday. Each of the following week ends up to and including March 24th, with the exception of February 24th, will see special parties or Tahoe Scouts and leaders using the Lodge as a base for skiing and tobogganning.

Five requests for information were received last week at Scout Headquarters as to housing for Scouts and private parties along Highway No. 40.

Why Get Up Nights ?

Make this 25c Test

Lax the bladder as you would the the bowels. Drive out impurities and excessive acids that cause irritation burning and frequent desire. Get a 25c test box of BU-KETS, the bladder physic, from any drug store. After four days if you are not relieved of getting up nights go back and get your money. BU-KETS, containing buchu leaves, juniper oil, etc. acts pleasantly and efficiently on the blader similar to castor oil on the bowels. If you are bothered with the backache, or leg pains caused from bladder disorders you are bound to feel better after this cleansing and you get your regular sleep.—Sold by Dickerman Drug Store N. C.—

RICH STRIKE IS MADE AT RAWHIDE, NEVADA

TONOPAH, Feb. 8th, 1934.— A rich gold strike at Rawhide several days ago drew the attention of mining men of this district and in the past week there have been many visitors to the old camp in the northeastern part of Mineral county, states one of our correspondents.

John Curley, who holds a lease on both the Schoeline and Grutt properties, made the discovery near the dividing line of the two blocks of ground. The vein has been opened to a width of four inches and for a good distance is literally covered with free gold. Curley has not taken time to have the assays made but is sacking and grading the rich ore to send it with a shipment which he plans to make very shortly.

Curley has been working for about a year and a half and has taken out a quantity of good ore. Ther are several men prospectting and mining in the Rawhide district at the present time. H. L. Leonard, postmaster at the camp has developed the vein on his property to a good width and at the old price of gold the ore averages $60.00 per ton. Some sorted rock will run more than $100. per ton. Leonard is taking out good ore right along and soon hopes to make a shipment of two to three cars of good grade ore.

o

P. T. A. Delegation Motors to Lincoln

Nine members of the Nevada City Parent Teacher Association motored to Lincoln Tuesday and attended the Placer and Nevada County Council meeting.

Mrs. J. B. Landis of Auburn, president, conducted the meeting and Mrs. J. B. Francis of Auburn gave an address on Adolescent Adjustment.

The P. T. A. of Lincoln presented a candle light ceremony in honor of Founders Day, February 17th.

Those from Nevada City were: Mesdames, Robert Grant, George Keller, Clematis Davis, Laron Henwood, Carl Tobiassen, Lester Gregory, Price Young and Leland Smith.

The next Council meeting will be held in Auburn sometime in May.

o

GASKET LEAKS

Air bubbles or a heavy oily scum on top of the water in the radiator may indicate a leaky cylinder head gasket, according to the Free Emergency Road Service of the California State Automobile Association. Cylinder head bolts should be tightened with the motor warm.

MONUMENT AT DONER LAKE TO HAVE MARKER

The Donner Monument, marking the approximate spot in Nevada county where disaaster overtook the famous Donner Party, has been selected as a state historical landmark. The announcement is made by the state department of natural resources.

A total of eleven new historical spots are announced for marking by the department, bringing to 136 the number selected for official registration since the law authorizing the workers was passed in 1931.

Among other places thus chosen is Whiskeytown in Shasta county, which was settled by miners in 1849. It first was called Whiskey Creek, because a barrel of whiskey was lost off a pack mule into the water of the nearby stream. Old stone buildings, all dating back to the days of gold, still are standing in the town.

The other places are the residence of Governor Pio Pico in Los Angeles county; California's first theater, Mission Carmel, the leading place of Junpiero Serra and Sebastian Monterey county; and Fort Tejon, the Willow Spring stage station, the spot near Kernville where the state's greatest Indian massacre occurred, and the Sebastian Indian Reservation, all in Kern county.

A statement has been made that so far no applications have been made for markers for historical spots in Nevada county, but Mrs. Belle Douglas, of the Nevada City Civic Club, wrote Mr. Dan Blood in regard to marking historical spots in this section about a year ago and offered to take the matter up with the local Chamber of Commerce. The acknowledgement made by return letter stated that he was out of town.

BRUNSWICK UNWATERED DOWN TO 1100 FT. LEVEL

Excellent progress is being made in the erection of the plant to handle the tailings of the Idaho-Maryland mine, north east of Grass Valley, and it is expected all will be in readiness for operation by March 15.

The vertical shaft of the Brunswick mine which the Idaho- Maryland company is reopening, is now unwatered to the 1100 foot level.

Work in the Idaho-Maryland mine is progressing at a satisfactory rate with mine and mill operating three shifts. The company is now employing 325 men.

Errol Mac Boyle is general manager and president of the company.

Captain and Mrs. C. Wade had as guests of the last week end the captains brother, W. Wade, chief pharmacist of the U. S. Navy and Mrs. Wade, who are now on leave from the Phillippine Islands. Accompanying them were Chief Pharmacist and Mrs. Clagett of Mare Island.

A. F. Gegan, field man for the Hercules Powder Company, who has just returned from the Phillippine Islands, is in the Nevada county mining district this week.

ENCOURAGING RESULTS IN SPRING HILL MINE

At the Spring Hill mine, just north of the Idaho-Maryland, drifting is continuing on ledge matter on the 900 foot level with encouraging results.

Diamond drilling is also being continued by the company in the lower levels of the mine. H. R. Plate is superintendent.

CAMPTONVILLE

By ACTON M. CLEVELAND

CAMPTONVILLE, Feb. 8.—Fred B. Hanson has succeeded Fred C. Kendall as foreman on the CWA Pike City road project.

William O. Grant motored to the lower country Wednesday on a few days business.

Joe Korn of Sacramento was in town Tuesday on a short business visit.

Mr. and Mrs. F. M. Pickell have recently purchased Mr. Reed's share of the Pick's Retreat and are now sole proprietors.

Julius E. Pauly and son Warren Pauly motored to Marysville Saturday on a short business visit.

L. W. Kopp, of Kopp's Bakery, was in town Tuesday on a short business visit.

Fred J. Harges of Newcastle was in town Tuesday on business.

H. C. Smith, engineer at the True Grit mine, returned Tuesday from a trip to the lower country.

Mr. and Mrs. Lee Bullington returned Monday from Lincoln where they attended the funeral of the late William Handling.

Fred J. Joubert motored to Downieville Wednesday on a short business visit.

Art King of Yuba City passed through town Tuesday from Sacramento enroute to the upper country with a load of produce.

Dr. C. C. Sutton, of Downieville, was in this section Wednesday on professional business.

Mrs. Herman Katzer, whose arm was seriously injured in an auto accident six weeks ago, was able to leave the Jones Memorial hospital Tuesday. She is staying with her parents, Constable and Mrs. Thomas Oliver in Nevada City. Skin grafting on her arm was quite successful and it is expected she will return to her home in Gridley in two weeks.

MINING MAN OF SIERRA CITY CROSSES DIVIDE

T. O. Berger, well known mining man, who has lived in Sierra City for over fifty years, passed away in his sleep Tuesday night, and was found dead the next morning by Mrs. Berger.

Besides his wife, Mrs. Mollie Berger, he is survived by three sons, Edward of Nevada City; Herbert of San Francisco, a marine engineer and John of Tonopah, Nevada, and three daughters, Mrs. Olive Nessler of Sacramento; Mrs. Nickels of San Francisco, and Mrs. Mamie Wright of Hawthorne, California. There are also nine grandchildren.

Funeral arrangements are in charge of Dan W. Deerwater of Sierra City.

KEYSTONE DIVIDE GETS READY TO GO DEEPER

Keystone Divide Mining Company is reported to be extending a power line two miles in length to its property near the Empress. The incline shaft sunk under the management of E. H. McMurray will be used as bases for a vertical shaft by means of an upraise and equipment, it is stated, will be installed for sinking to 700 or 800 feet and possibly deeper.

KANAKA AND JACKRABBIT PROPERTIES ARE LEASED

H. A. Conley of San Francisco has taken a lease on the Kanaka property and the Mazzanti ranch which includes the Jackrabbit mine. Both mines have been closed for years.

Conley is moving to Grass Valley with his family and will start work in rehabilitating the two properties immediately.

Among the owners of the Kanaka property is O. L. Twitchell Sr., one of the original directors of the mine. He still holds a fifth interest in the property. The new deal was consumated through the offices of O. L. Twitchell Jr.

Mrs. H. E. Kjorlie, of Nevada City, left Wednesday for Princeton, where she spoke before the School Men's Club of Colusa county. On Thursday she addressed the Womans' Club of Chico.

Mr. and Mrs. Scott Rundy of Marysville, spent Sunday in Nevada City with his parents, Mr. and Mrs. Theodore Rundy.

Principl W. E. Carlson, of the Washington grammar school, left Monday evening for Arcata, being called there by the sad news of the sudden death of his father, and remained for the funeral.

SOCIAL EVENTS

Bridge Party Celebrates President's Birthday

CAMPTONVILLE, Fef. 8.—Some little social activity took place in this vicinity during the past week. On the President's Birthday, a card party was enjoyed at Pick's Retreat, at which five tables of five hundred were in progress. The first prize, a beautiful deck of bridge cards was won by Mrs. M. G. Calvin. Refreshments were served, bridge sandwiches, prepared by Mrs. F. M. Pickell, and cakes furnished by the ladies attending; the most notable cake was that made by Mrs. Samuel F. Price, which was decorated in honor of the President. The following were in attendance: Mr. and Mrs. M. G. Calvin, Miss Dorothy Hayes, Mr. and Mrs. Wesner, Miss Wesner, Mrs. Eugene H. Hays, Mr. and Mrs. Fred Kendall, Mr. and Mrs. S. F. Price, Ed Price, Mrs. Grace Peterson, Winsmore Chapman, Mr. and Mrs. John Stalcup, Fred Stalcup, Mrs. Louie Mackey, John W. Mackey, Mr. and Mrs. F. M. Pickell, Fred Hill and Charles Gorden, Hubert Long and Bill Groves.

Missionary Society Plans Birthday Party

The Methodist Missionary Society met Wednesday afternoon and enjoyed a most interesting meeting. Plans are being made for the birthday party which is to be held next month. Mrs. Charles Eden is president.

Old Fashioned Dance Held at Halkyard Mine

Last Wednesday evening a number of local people journeyed to the Halkyard mine to stage a surprise party for M. G. Calvin, Mr. and Mrs. Wesner, Miss Wenser, and Joseph Halkyard, about twenty attended, the most of them going up in hay rack style in F. M. Kickell's truck. The evening was spent in games and old-fashioned dancing. Music was furnished by Charles Gordon playing the harmonica, while Joseph Halkyard, well known caller from old times, did the calling. Refreshments were served at a late hour. The following were in attendance: Mr. and Mrs. M. G. Calvin, Miss Dorothy Hayes, Mrs. Louise Mackey, John W. Mackey, Charles Gordon, Mrs. Grace Peterson, Mr. and Mrs. Samuel F. Price, Mr. and Mrs. R. C. Clendenin, Mr. and Mrs. John Stalcup, Mr. and Mrs. F. M. Pickell, and Fred Stalcup.

Many Enjoy Benefit Card Party of N. D. G. W.

There was a splendid attendance at the benefit card party given by Laurel Parlor, N. D. G. W., Wednesday evening.

Thirty-two enjoyed playing bridge and whist with the following awards being made: Mrs. Adeline O'Connor, won first score in bridge; Mrs. McCluskey, second in bridge; Mrs. Martin, first prize in whist; Mrs. Maguire, second in whist, while Mrs. N. Scheideck won consolation. Mrs. Peggy Flynn, won the door prize.

Firemen Enjoy George Walling's Good Stew

Howard Penrose, foreman of the Pennsylvania Engine Co., No. 2, and Myers Mobley, chairman of the social sessions committee persuaded the eminent stew artist, George Walling, ex-chief of the fire department, to prepare one of his famous stews for the fireman's meeting last night. It is reported that the stew contained some of the fattest chipmunks of the Mother Lode.

There was an enthusiastic meeting and all enjoyed the delicious meal. Plans were completed for the weekly dances to be held in the firemen's hall throughout the season.

Banner Mt. Post to Meet Friday Evenings

Banner Mountain Post, V. F. W., Auxiliary have changed their meeting night from Thursday to Friday evening and have moved from the Odd Fellows hall, across the street to the Pythian Castle, where they will meet tomorrow evening at the regular hour. The veterans are still meeting twice a month, Thursdays in the Odd Fellows hall.

The post held a most interesting meeting last evening with a good attendance of members.

Plans were made for attending an invitation in Auburn Thursday, February 15, and cars will be provided for all those wishing to attend, who have no way of making the trip.

Thimble Clubs Join For Installation Ceremony

The Thimble Club of Champion Circle Neighbors of Woodcraft, accepted the invitation and attended the installation of officers of Arbor Vital Thimble Club of Grass Valley, Wednesday afternoon.

Nevada City Thimble club invited Arbor Vital Circle as guests to their installation yesterday afternoon.

The officers installed were: Jane Baker, president; Esther Tremaine, vice president; Adeline O'Connor, secretary, Nance Scheidick, treasurer; Anna Kervin, Grace Hodge and Nancy James, Board of Finance; Martha Dillon, corresponding secretary.

A happy social time was enjoyed after the meeting and dainty refreshments served.

Past Exalted Rulers To Conduct Elks Meeting

The past exalted rulers of the Elks Lodge of Nevada City are to conduct the first meeting of the month which is this evening, Friday, February 9.

Junior Past Exalted Ruler V. V. Foley, is chairman of the Past Exalted Rulers and has charge of the meeting.

After the lodge session there will be a social time and refreshments.

Red Men Combine For Ceremonial

There was a large attendance of members of Wyoming tribe of Red Men and visiting members from Weimer tribe, of Grass Valley, present last evening when the adoption of a large class of palefaces was made.

Refreshments brought a happy evening to a close.

Frank Tibbetts, C. C. C. worker, upon whom Dr. B. W. Hummelt performed an operation for appendicitis, returned to his camp at Grass Valley Monday. Dr. Hummelt also removed the tonsils of Kellenberger of North Bloomfield this week.

Champion Circle Thimble Club Installs Officers

The Champion Circle Thimble club met yesterday afternoon and the following officers were installled: Marguerite Clark, past president; Jane Baker, president; Esther Tremaine, Vice President; Nancy Scheideck, as treasurer; Adeline O'Connor, secretary; Martha Dillon, correspondent; Peggy Flynn, sentinel; Nancy James, Anna Kervin and Rose Hodge, board of Finance.

The hostesses for the afternoon were: Annie Scheemer, Rose Hodge and Isabelle Brown. Following the installation of officers, cards were enjoyed and dainty refreshments were served. Prize winners for the afternoon were: Anna Browning,, first prize; Della Dalton, second; Florence Woodcock, third; and Katie Smythe, consolation. There were twelve visitors from Grass Valley club present.

Herbert Shearer, son of Mrs. H. D. Shearer of Nevada City, has been promoted from the Abstract and Title office in Sacramento to vice president and manager of the Yolo County Abstract and Title Co. He is a native of Nevada City and started abstract work under E. L. Bosquit in this city.

Lumber Talks

Month after month the same old tune—
Each passing year the tale repeats—
Nothing have I to call my own
Save a great pile of rent receipts,
A rented roof above my head,
Six rented rooms, a rented fence—
I'm going to build a HOME that's mine,
Pack up my duds and get me hence.
—A. M. C.

He Did It Too

Mr. Man-tired-of-renting came into our office, looked over our books of photos and plans, and selected a Home pattern that suited him. He then chose suitable materials for foundation, framework, exterior finish and trim, interior finish, etc. Of course, he determined to have hardwood floors and a shingled roof, cedar-lined closts, and several convenient built-in features. He arranged for the millwork which we "turned out" to his entire satisfaction, and now he is a proud and happy Home Owner.

What He Did

is not too hard a task for you. The steps he took you can take. All that he did to free himself from the incubus of rent, and to establish himself in a real home
